

Radxa 25W PoE HAT Installing Guide

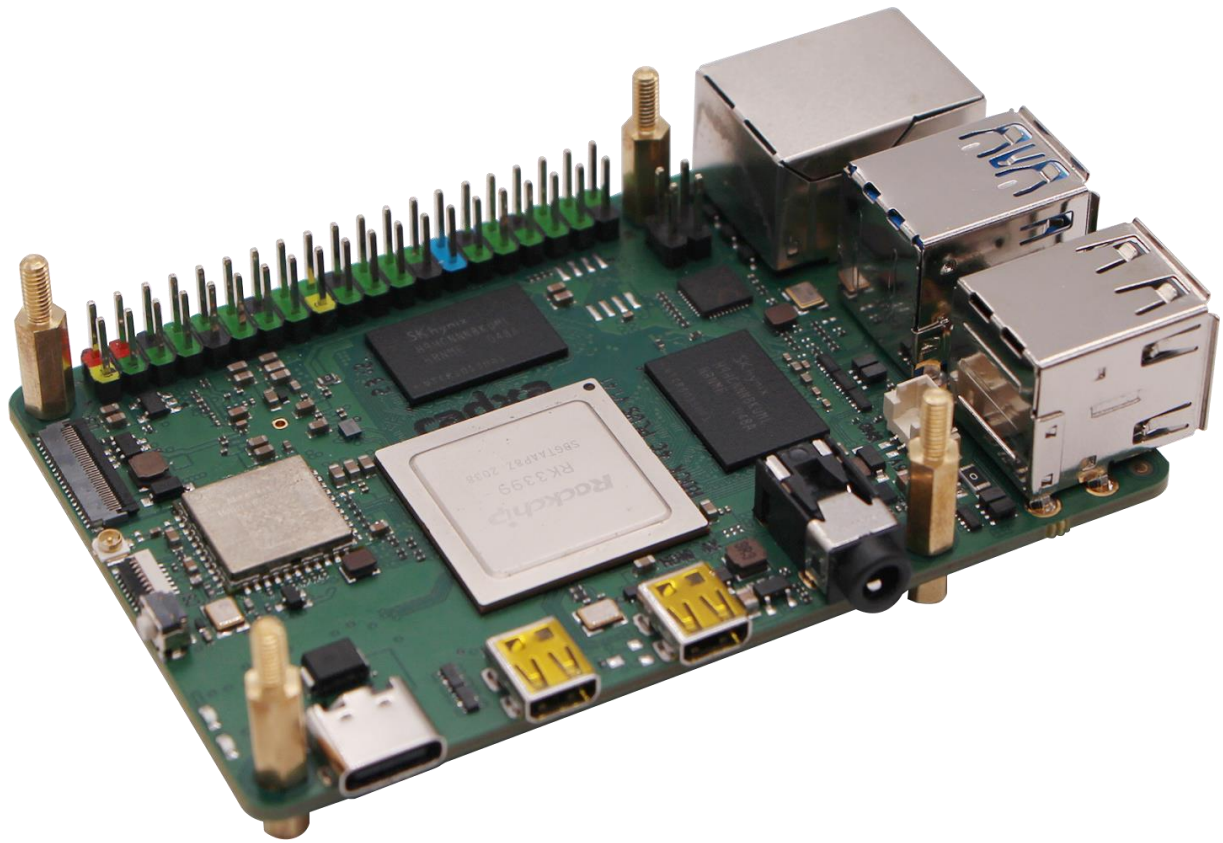

Package List

- 1x Radxa 25W PoE HAT with cooling fan
- 4x M2.5 x 5 Copper Pillars
- 4x M2.5 x 9 Copper Pillars
- 4x M2.5 x 4 Copper Pillars

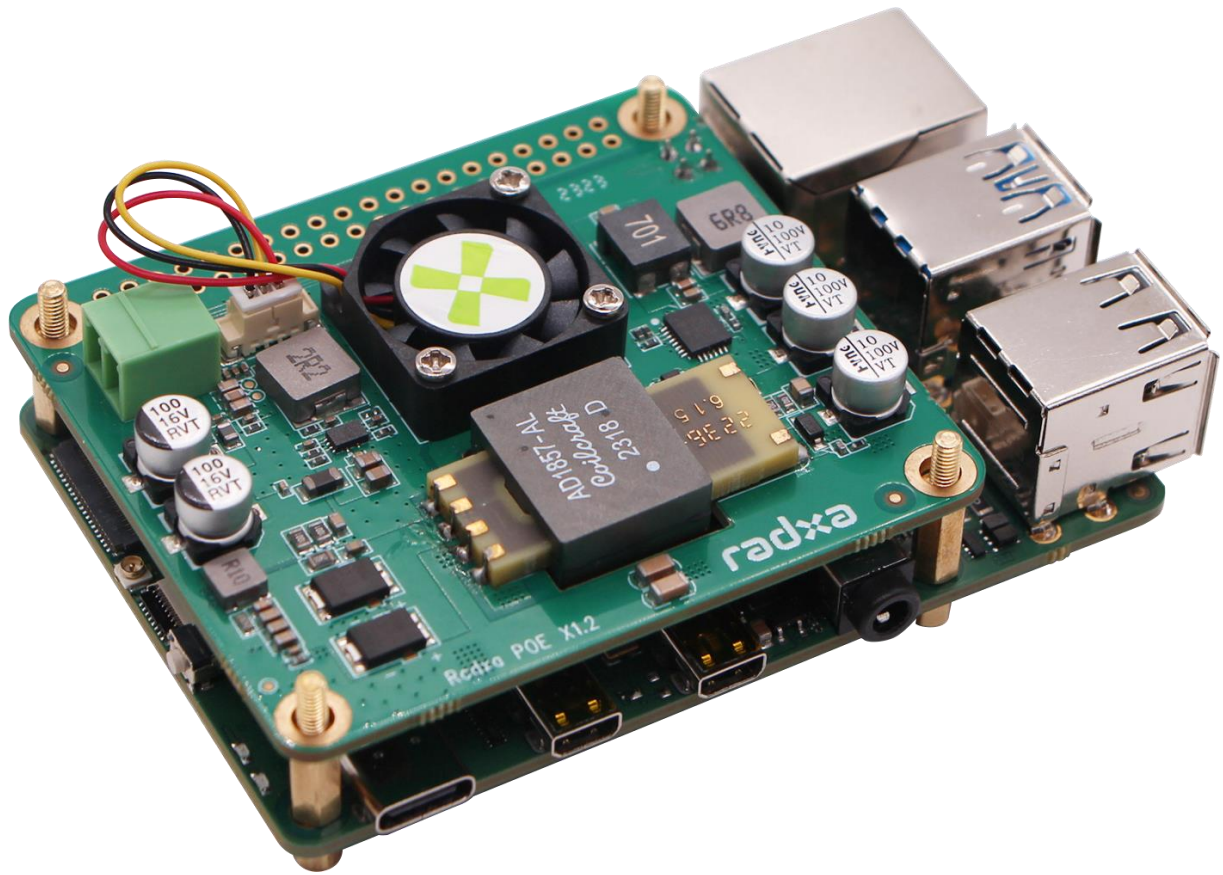

Installing Guide

- AccessPass four M2.5 x 4 Copper Pillars through the four positioning holes of Radxa SBCs, and individually secure them to M2.5 x 9 Copper Pillars to ensure a sturdy fixation.

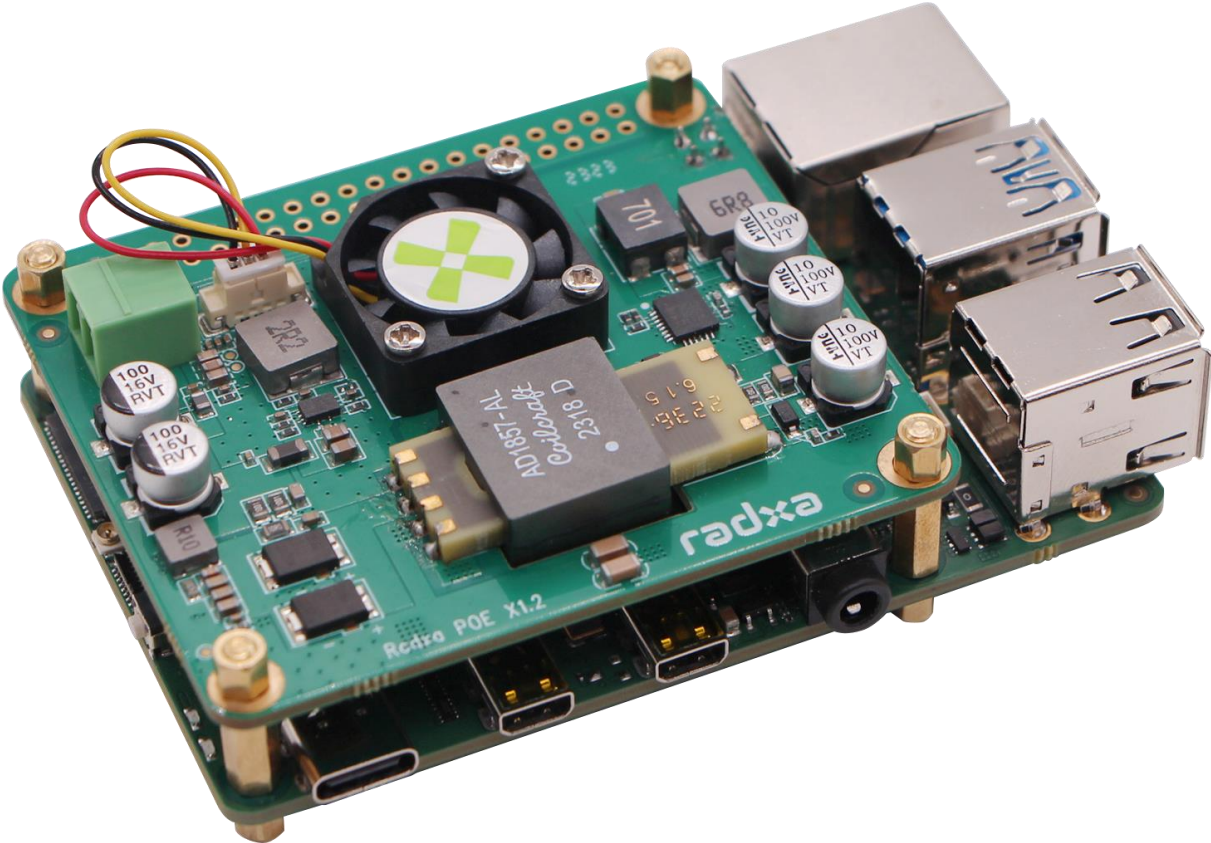

- Align the Radxa 25W PoE HAT with the PoE interface and the 40-Pin interface, and insert it carefully, ensuring that it passes through the four M2.5 x 9 Copper Pillars.

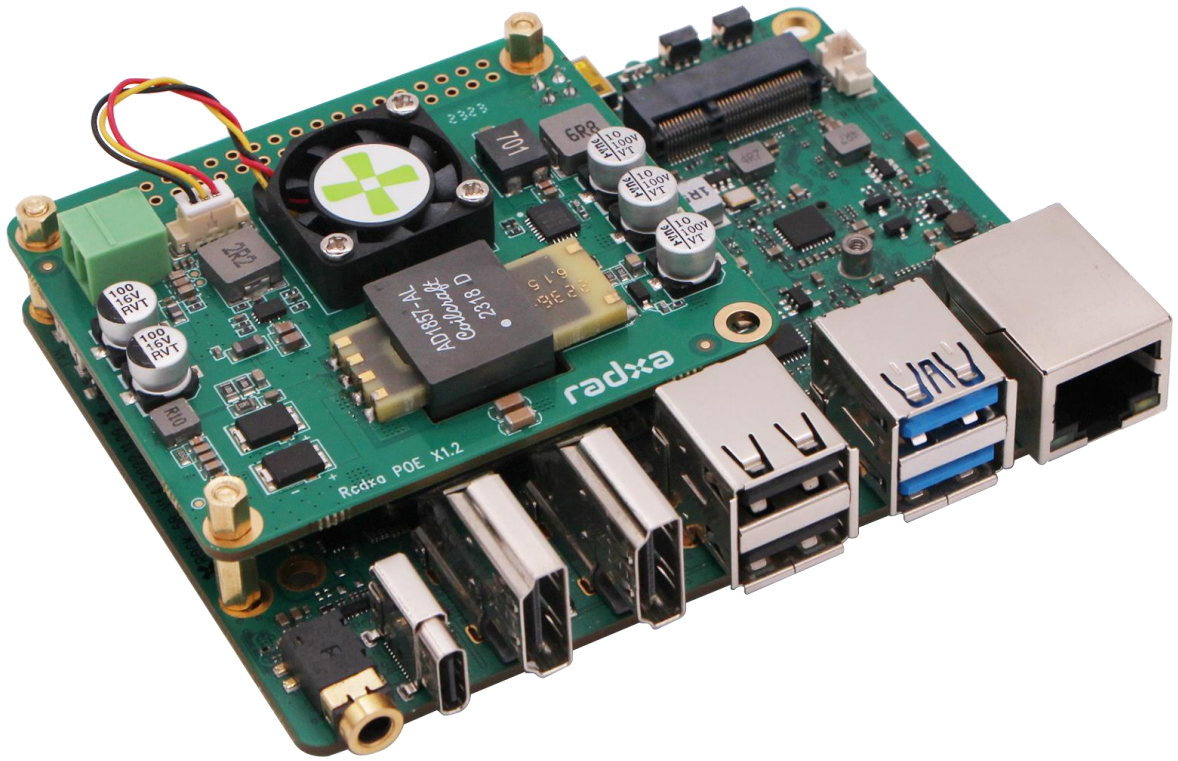

- On top of the Radxa 25W PoE HAT, align the four M2.5 x 4 Copper Pillars with the four M2.5 x 9 Copper Pillars, then secure them by rotating them into place.

Illustrated Outcome

ROCK 4C+, ROCK 5A

ROCK 5B, ROCK 3B

ROCK 3A, ROCK 3A
