

DUAL AAA BATTERY HOLDER FOR MICRO:BIT

Part No: 218-2282

The OKdo battery box has an on/off switch, with the connector made to be used with the BBC micro:bit.

Using this battery box makes it easier to switch your micro:bit on and off without needing to unplug the connector.

Features:

- Integrated On/Off switch
- Avoids plugging and unplugging
- Uses 2x AAA batteries
- 150mm long leads
- JST connector compatible with the BBC micro:bit
- Batteries are not included
