

DEBIX Fanless Aluminum Case

DEBIX Fanless Aluminum Case

Overview:

The DEBIX Fanless Aluminum Case is designed specifically for DEBIX Model A and Model B. Due to its small form-factor design, it has an increased surface area for enhanced heat dissipation while retaining access to all of the ports.

Main Features:

- Can be used with DEBIX Model A and Model B
- Rigid aluminum alloy case
- Increased surface area for enhanced heat dissipation
- The right side of the case is designed with a square hole and a stick-on plastic baffle to prevent Wi-Fi signal blocking
- A circular hole is reserved on the right side for an external Wi-Fi antenna
